

Water Shortage Warning: Lawn Watering Limits

Water Shortage Warning in Effect

Lawn watering is limited all year in South Florida by the South Florida Water Management District's Year-Round Landscape Irrigation Rule and local ordinances.

Mandatory Outdoor Water Conservation

Water used on our landscapes accounts for 50% of our household water usage. In 2010, the Broward County Board of County Commissioners passed an ordinance adopting year round irrigation restrictions. It is important of all of us to follow these restrictions in order to conserve our precious water resources, even more so during periods of water shortage. [Click here for County ordinance.](#)

In general, NO watering of lawns and landscapes is allowed on Monday, Tuesday, and Fridays. Residences and businesses with odd-numbered street address may water lawns and landscapes on Wednesdays and/or Saturdays, **only** before 10:00am or after 4:00pm

Residences and business with even-numbered street address, no street address, or those who irrigate both even and odd addresses within the same zones, which may include multi-family units and homeowners associations, may water lawns and landscapes on Thursdays and/or Sundays, only before 10:00am or after 4:00pm.

See schedule on page 2

Established Landscaping (older than 90 days) – watering allowed only before 10am or after 4pm
